

The 4th International Conference on Flexible Electronics

Dec.10-11, 2022 | Hangzhou, China

Organizers:

Laboratory of Flexible Electronics Technology, Tsinghua University
Hangzhou Qiantang District People's Government
Institute of Flexible Electronics Technology of THU, Zhejiang
Qiantang Science and Technology Innovation Center

Poster production instructions

1. Visuals should be simple and bold. Avoid submitting compactly packed, high word-count posters.
2. Please bring your self-designed and printed poster to the conference, mail will not be accepted.
3. Please be sure that each printed poster should be 90cm (width) * 120cm (height) with high resolution.
4. The Conference Committee will review the posters of each delegate and reward outstanding posters. Please complete the work seriously and post up on time.
